Daniel Negatu

## Computer Engineer | Full stack Developer

### About me

I am a person who is enthusiastic, hardworking, and dedicated. Given the ever-changing nature of technology, I am interested in the technology sector and enjoy learning new things on a daily basis. I enjoy real-world problem solving, learning, developing new technologies, meeting new people, and working in a team environment. I also like talking to clients and customers. I am a quick learner with a friendly and outgoing demeanor.

### Personal Skills
